Thank you for making this conference possible!
Prime Minister

MESSAGE

I am pleased to learn that the International Crops Research Institute for the Semi-Arid Tropics (ICRISAT) is co-organizing the ninth annual International Conference on Information and Communication Technology for Development (ICT4D) at Hyderabad.

We live in an era where technology plays a vital role in society. The transformative potential of technology is also immense. That is why the Government of India is focusing on greater use of technology for the welfare of the people of India through the Digital India programme.

I wish the Conference all success. I am sure there will be fruitful exchange of ideas leading to tangible outcomes.

(Narendra Modi)
