Literature

Want to give:
- Real understanding of the period
- Opportunity for character education
- Ability to relate to people through time

How it works:
- 4th - 8th Grade – Reading groups according to reading level
- Limit to 12 students
- 3-year Span
- Socratic Dialogue

What we read
- Primarily coordinated Historical Fiction,
- Some Nonfiction – Biography, Life and the Times, etc.
- Fun, Favorites
- Some book read by every group (quickly for the high groups, more time for the struggling readers) Others vary.

Note: Great Books Training. Does need to be adapted. Try to make sure that at least once a week it is a true questioning Socratic Dialogue rather than just a review of what happened in the book.
