Designed for students and researchers, the **Fashion Photography Archive** will contain over 750,000 high-quality images that have never before been published online. Accompanied by hundreds of articles, audio, and video resources from expert commentators to provide context and analysis.

- **The Fashion Photography Archive** captures the most iconic fashion moments from the 1970s until 2000, including the works of key designers such as McQueen, Westwood, Chalayan, and more. It includes runway, backstage, and street style images built around Niall McInerney’s life work.

- **Chief Curator and Editor-in-Chief Dr. Valerie Steele**: an internationally renowned scholar and Director and Chief Curator of the Museum at the Fashion Institute of Technology in New York has curated the core collection and will continue to commission original commentary on the world of fashion.

- **Resources for teachers and students**: lesson plans for instructors and videos for students of fashion and its related fields are supported by a rich taxonomy and comprehensive indexing.

- See back cover for more key features and benefits.
